

...continued from the front cover

increase in size makes your existing air filter equipment more efficient at capturing these particles. REME-HALO LED is the most advanced whole-home indoor air purification on the market today.

**HOW MUCH DOES IT COST?**

We are offering the REME-HALO LED to our customers at a discounted price. (SEE ENCLOSED COUPON) This price includes installation and is only valid while the technician is already at your home performing another service. (Maintenance or Service Call) The bulb is required to be replaced every four years. The benefits of having clean air to breathe for you and your loved ones far outweigh the cost of a new bulb.

**WHO IS THE RIGHT FIT FOR THIS AIR PURIFIER?**

REME-HALO LED is excellent for people with common allergy triggers like pollen, dander, dust, and homeowners concerned about bacteria and viruses. REME-HALO is also great in removing odors like cooking, pets, musty rooms, and dirty socks.

If you are concerned about safety, then the REME-HALO LED is the right fit for you. It's the best thing on the market. We would not sell it if we didn't believe in it. With its extra-long life ultra-UV LED technology, the Halo LED will purify the air you breathe for years to come.

**WHAT TO DO NEXT?**

For more information, you can visit our website at [www.brettairconditioning.com/faqs](http://www.brettairconditioning.com/faqs) to watch a short clip from our technical advisor regarding the REME-HALO LED. When you call to schedule your next maintenance or service call, be sure to let the dispatcher know you would like a REME-HALO LED installed at the time of service to ensure you receive the discounted rate.

The **REME-HALO LED** air purifier purifies the air through your entire home using your current HVAC system. The REME-HALO LED is installed in the supply ductwork by the air handler. When the blower turns on, it activates the REME-HALO LED.

**WHAT ARE THE FEATURES OF THE REME-HALO LED?**

The unit produces ionized hydrogen peroxide molecules distributed through your system, the ductwork, and into every cubic foot of air in your home. Every time an ionized hydrogen peroxide molecule meets odors, bacteria, viruses, VOCs, dust, and allergens, it quickly breaks down and destroys the air quality contaminants on the spot, reducing airborne and surface microbials, bacteria, and viruses.

The system also uses positive and negative charges, which causes dust, dander, pollen, and other particulates to stick together. The

# MY WORD

By Dan Brett

Happy 2021! Can you believe it's already March? Football season is officially over, Spring's around the corner, Pollen is in the air, and 2020 is behind us!

I want to extend a heartfelt Thank you to each customer who entrusted us in your home during the pandemic to service/maintenance/install your A/C equipment. It was uncharted waters, but together we did it.

We remain open, sanitize regularly, and ensure all employees have proper PPE (Personal Protection Equipment) and continue to do their part to abide by Safety policies. Allowing everyone involved to remain healthy.

One hot topic after coming through the pandemic and entering Pollen season is Air Quality. You may ask, is there any way to clean the air in my home? The answer is yes; it's called a REME-HALO LED. REME-HALO LED helps purify the air you and your family are breathing. In this newsletter, we answer common questions related to Air Quality. We even included a special offer for the REME-HALO LED.

I wanted to wish you and yours a well-deserved rest of 2021. Cheers to you. May you remain healthy, full of happiness, and stay on track with your New Year's resolution. I believe this year will be better than the last.

## DID YOU KNOW AIR CONDITIONING BUSINESSES ARE ESSENTIAL???

Our team at Brett Air Conditioning has worked non-stop through this pandemic for the past year to ensure our customers' homes remained comfortable while they worked and schooled.

We want to say **THANK YOU** to all our Service, Maintenance, and Install technicians for your dedication and commitment to your position.

Thank you to all our office staff, Comfort Advisors, and Managers for your help in meeting our customers' needs. We have a great team at Brett Air Conditioning, and grateful for each of you!

# EVERGLADES GRILLED CORN, AVOCADO AND TOMATO SALAD WITH HONEY LIME DRESSING

## INGREDIENTS:

- 1 pint grape tomatoes
- 1 Ripe Avocado
- 2 ears fresh sweet corn
- 2 TBSP fresh cilantro, chopped

## DIRECTIONS:

Remove husks from corn and grill over medium heat for 10 minutes. (The corn should have brown spots and be tender and not mushy).  
 Cut the corn off the cob then scrape the cob with the back of your knife to get the juices. (Set aside and let cool)  
 Slice the tomatoes in half. Dice the avocado and chop the cilantro.  
 Add all the dressing ingredients in a small bowl and whisk to combine. (set aside)  
 Combine the sliced tomatoes, avocado, cilantro, grilled corn and honey lime dressing.  
 Mix gently so everything is evenly coated. (Be careful not to mash the avocados). Let the salad sit for 10-15 minutes to let the flavors mingle.

## HONEY LIME DRESSING:

- Juice of 1 lime
- 3 TBSP vegetable oil
- 1 TBSP honey
- Everglades seasoning to taste
- 1 Clove Garlic minced
- Dash of cayenne pepper
